Percentage Pitfall

Do the financial experts in Ottawa and Victoria read the newspapers? If so, they should have noted with some apprehension a report they carried recently on sales tax collections in New York City.

New York operates on a budget of about \$1.2 billion a year. Slightly more than half of this comes from real estate taxes, and slightly less than half from the general fund—retail sales tax, business tax, water rents and miscellaneous taxes. The bulk of the general fund is the sales tax which in the last budget year produced \$148 million.

In an effort to get more revenue from the retail sales tax New York's city fathers raised it this year from 2 to 3 per cent. It was estimated that this would produce an extra \$5 million a month, or \$60 million a year, for a total of \$208 million. But the extra \$5 million a month failed to materialize. In July, August and September, the first three months of the budget year, sales tax collections averaged less than \$4 million above what they averaged in the same months in 1950.

Declining department store sales are blamed for this situation. Christmas and Easter shopping sprees may remedy it, and deliver the hoped for \$208 million by June 30th. Or again, they may not. The New York Herald Tribune reports: "The more pessimistic of the city's experts feared that higher federal income taxes and uncertainties about inflation and wage restrictions might curtail buying in the months to come, keeping sales tax revenues under estimated totals."

This, we believe, should make Mr. Abbott in Ottawa and those experts in Victoria who want to increase the B.C. sales tax by two per cent to meet hospital insurance costs—this should give these people cause to think. Mr. Abbott's old age pension scheme depends very heavily on sales tax receipts. He told the House of Commons that nearly half the money needed for the \$40 pensions at 70 would come from sales tax. Two per cent of his present hefty 10 per cent levy would be earmarked, he said, for this purpose, yielding an estimated \$145 million in the first full fiscal year.

But will it yield that much? And if it does how about the second and third and succeeding fiscal years? Percentage sales tax receipts, as New York's experience shows, are completely dependent on the volume of business; as it goes up or down, so do they. The same thing is true of receipts from percentage on corporations and individuals.

What will Ottawa do if and when it discovers, as New York has discovered, the percentage taxes aren't producing what they were intended to produce?

And what would Victoria do, should it increase the provincial sales tax to underwrite this hospital insurance scheme, if it found that the expected revenue was just not forthcoming? It is a dangerous practice to tie a large fixed overhead to such an unstable income source as fluctuating sales tax revenues.

A Dollar's Worth

In terms of its prewar buying power, the Canadian dollar is now worth about 53 cents . . . or, more accurately, that is what is worth on August 1, when the cost of living index stood at 188.9.

This, of course, is an average figure. The value varies according to circumstances; specifically, it all depends on what a person buys.

When it is used to pay the grocery bill, the 1951 dollar (as of August 1) is worth only 40 cents, compared with the pre-war species. The food sub-index of all the official living-cost factors, is up to 251.4.

Today's dollar is worth 71½ cents as rent money but it will buy only 49 cents' worth of clothing. Spent on fuel and light, it's worth 67½ cents; for home furnishings and services, a fraction more than 50 cents. When building a home, it buys only 34½ cents' worth of materials. For such miscellaneous items as streetcar fares, health charges, theatre admissions and newspaper rates, it's worth an average of 69½ cents.

The value of the manufacturer's dollar has been cut even more drastically. In meeting labour costs, the employer's 1951 dollar is worth only 35½ cents. (Average hourly wages in manufacturing have risen from 41.8 cents an hour in 1935-1939 to 118.2 cents an hour on July 1, 1951.) And when it comes to buying industrial raw materials, the manufacturer finds that his dollar has shrunk to a third of its prewar size—it's worth exactly 33 cents.

Police Will Crack Down On Local Motorists Who Race After Fire Engines

ROYAL Canadian Mounted Police plan to clamp down on tardy motorists who race after fire engines or fail to give the right of way when a fire truck is proceeding to a blaze.

This was indicated at a recent meeting of the fire department when a representative of the RCMP addressed the volunteer fire fighters.

The city traffic bylaw states that any vehicle, other than an emergency vehicle, proceeding along a highway or thoroughfare, upon hearing a siren, bell, etc., must pull to the side to allow room for the said emergency vehicle to pass.

Local firemen have complained recently that there is an increasing number of car owners ignoring this regulation. At a recent fire during the lunch hour, this violation was apparent when the fire trucks were proceeding to a blaze on Pendritz Street, it was explained.

It was pointed out that not only does this hamper the progress of the fire equipment, but also endangers the lives of firemen and motorists.

The RCMP maintain that strict enforcement of the bylaw covering traffic at the scene of a fire, will

be carried out. Cars or trucks must remain 500 feet or more away from a fire.

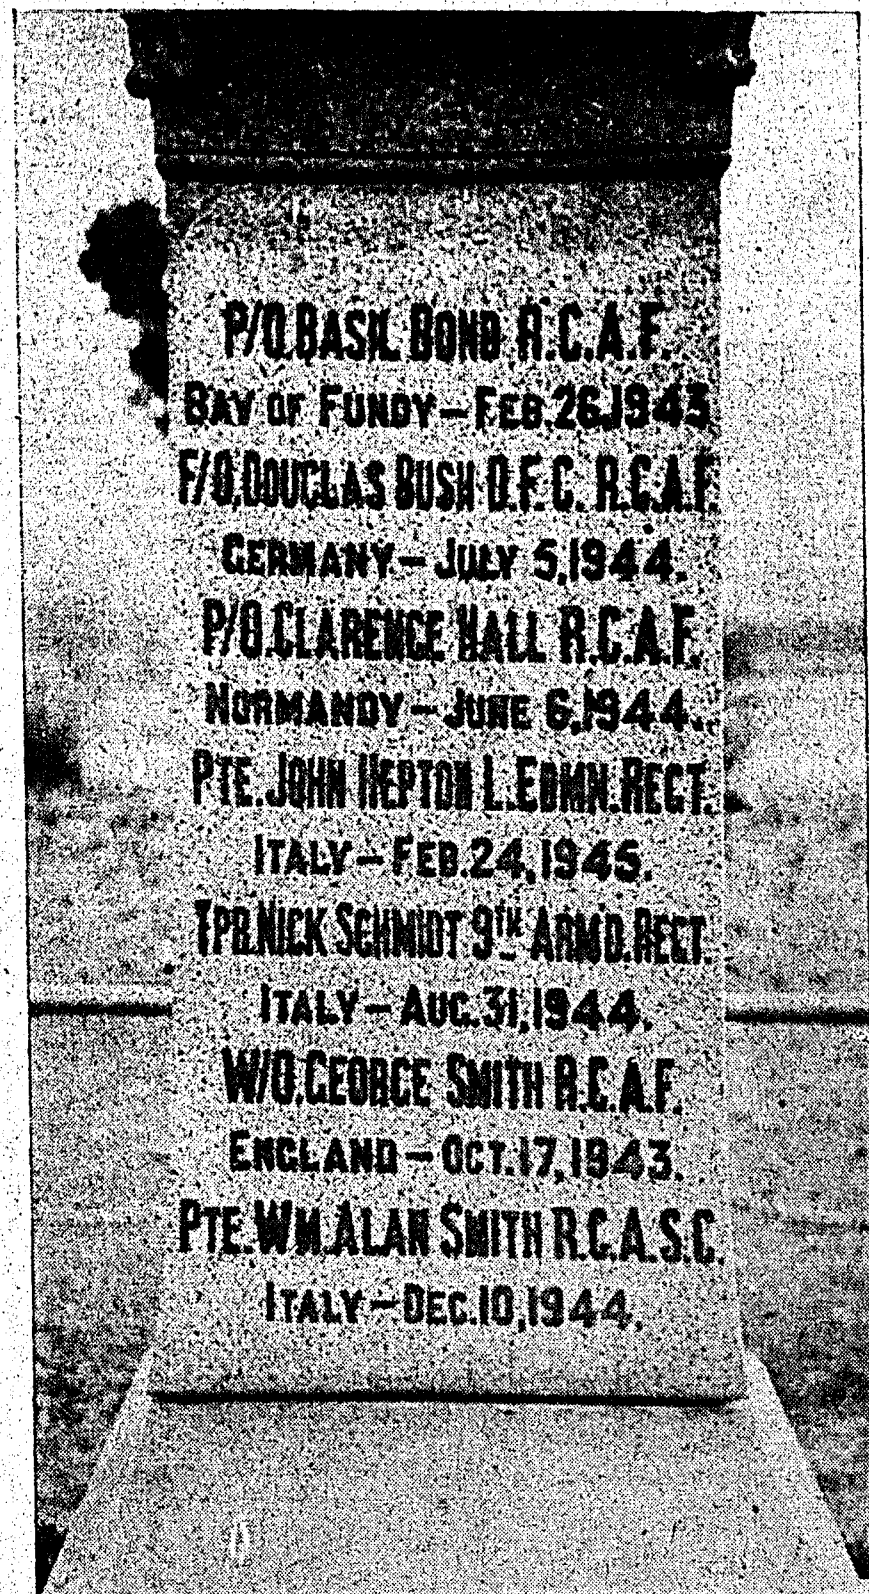

Complaint that motorists are running over fire hoses, was also made by firemen. It was pointed out this could damage the hose to such an extent that the supply of water could be cut off.

RCMP have promised the bylaw will be strictly enforced in future. Maximum fine for violators is \$100.

FASHION SHOW

Teen-age togs will be the feature of the annual Kelowna Senior High School Girls' Hi-Y fashion show. The club's Hi-Y Holiday Fashions will be paraded on the stage of the senior high school auditorium this Wednesday, December 3, at 8:00 p.m.

Claim Freight Rate Legislation Would Penalize Okanagan, West Coast Shippers

THE ABOVE PICTURE shows the new war memorial at Rutland which was recently dedicated in memory of those who paid the Supreme Sacrifice.

Unveiling took place at the Remembrance Day Service. Names of those who died in the last war are inscribed on the memorial.

A drive in the Rutland district netted a total of \$282.45. Objective was \$250. Balance will be used for finishing off the memorial and planting trees and shrubs.

TWO MOTORISTS PAY \$50 FINES

Erratic driving on the part of two motorists resulted in arrest over the weekend and heavy fines in police court this morning.

Both Leonard A. Wickenheiser, Winfield, and Ezra Hieschhorn, Rutland, were fined \$50 for operating a motor vehicle while their ability to drive was impaired by the use of alcohol.

Wickenheiser was picked up on Bernard Avenue to observe his twentieth birthday behind bars. Hieschhorn was taken into custody after he was involved in a minor accident in Rutland.

UNION HEADS HOLD PARLEY IN PENTICTON

Annual conference of the Trades and Labor Congress of Canada, will be held in Penticton next Wednesday commencing at 10:00 a.m.

Delegates from AFL-TLC unions from all parts of British Columbia will be attending the conference. Around ten delegates, headed by W. H. Sande, director of organization, Federation of Fruit and Vegetable Workers' Unions, will attend the parley.

A number of important resolutions dealing with the trade union movement in B.C. and provincial legislation, will be discussed.

Wickenheiser was picked up on Bernard Avenue to observe his twentieth birthday behind bars. Hieschhorn was taken into custody after he was involved in a minor accident in Rutland.

Game Warden Catches Men Taking Buck

A Bear Creek mill owner, Herman Svean, has his seven-point buck back, but two Kelowna hunters may face a charge of theft over it.

The deer was taken from the side of a Penikese road early Friday morning (the last day of the season) and recovered later the same day.

The Kelowna men were found by Game Warden Don Ellis to have the deer in their possession. Svean now is considering laying a charge of theft after the duo told several different stories about where they got the deer.

The game warden told The Courier laying a charge was up to Svean himself. Meanwhile the buck is in the Westbank frozen locker, in the name of Herman Svean.

SUNNY SOUTH FOR WINTER . . . Mr. J. H. Broad, of Okanagan Mission, and his sister-in-law, Miss Minnie Blackley, left yesterday by car for Palm Springs, California, where they will spend the winter months. They expect to return sometime in early April. While they are absent, Mr. and Mrs. R. J. McDougall, from Sorrento, who are former residents of Penticton, are occupying their home.

Many new lines will be "found" several new lines will be found in popular price ranges this year, including many items made in the United States. In price with other fabrics and in the case of sweaters, cheaper than wool; also non-shrinkable, with the newest yarns treated so that the garment will not stretch when laundered.

Christmas cards in boxed lots particularly are moving in good quantity. During a token check, it was revealed more cards have been sold to date than in previous years.

There are ties, belts, pyjamas, robes and many other articles for "him"; in wide ranges of styles,

Declare Bill Borders On Discrimination

NEW freight rate legislation, now before the Federal House, would work a severe hardship on Okanagan and west coast shippers and could seriously injure the sale of canned goods on the rich Western Prairie Market.

This is the contention of the Kelowna Board of Trade which is examining the contentious freight rate bill now before the House of Commons. The legislation would, in effect, reduce freight rates from eastern producing areas to the western prairies without making similar reductions for the B.C. shipper who must compete in the same area.

Western canned fruit, vegetables and fish would go to the prairie market at the same freight rates but eastern shippers could move their produce westward, approximately the same distance at cheaper rates than they now pay, and presumably cut prices accordingly.

The legislation is a result of the Royal Commission report on transportation completed on February 9. This report was the basis for Bill 377 being brought before parliament June 14 to amend the Railway Act. Designed to smooth out the many inequalities in railway freight rates, it received only one reading and was never heard from again after the house adjourned for the summer. However, during the current session, a new bill called Bill 12, was introduced which is similar to Bill 377 except that it provides for a subsidy up to \$47,000.00 for both lines to help operate and maintain long, unprofitable stretches of track in Ontario.

Death Calls Well Known Resident

A link with Okanagan past history as far back as 50 years has been severed with the death Sunday of Mrs. Elizabeth Margaret Elliott at the age of 84 years, eight months and five days. She and her late husband, Sam T. Elliott, settled in the Okanagan in 1892 immediately after their marriage in Ladner, B.C., taking up residence in Kelowna in 1903.

Funeral arrangements, held up pending arrival of relatives, will be announced later by Day's Funeral Service.

Born in Richmond, Ont., the late Mrs. Elliott set up her first married home in Vernon, moving to Kelowna 11 years later (1903). Mr. Elliott conducted a garage and implement business for a number of years, after which he became road superintendent for the provincial government up to the time of his death.

KEEN CHURCH WORKER . . . Mrs. Elliott, well-known through the central Okanagan, was a keen worker in United Church affairs as long as her health permitted. She had been in indifferent health for some time. She was the only girl in a family of 10 children, most of whom preceded her.

She leaves four daughters and one adopted daughter—Mrs. Pearl Mitchell, San Francisco; Mrs. B. (Ruby) Hoy, Victoria; Mrs. Maude Armstrong, Kelowna; Mrs. Ray Martin, Vernon, and Mrs. Lillian Oulton, Calgary. Seven grandchildren and six great-grandchildren also are left.

CANDIDATES WILL SPEAK DECEMBER 11

Candidates in the forthcoming civic election will be given an opportunity to speak at a public meeting to be held in the Junior High School, Tuesday, December 11.

Members of the City Council will also give a report on their stewardship during the past 12 months. It is anticipated that many questions will be fired at the aspiring aldermen, and that various problems facing the civic administration will be discussed at length.

Two days later, ratepayers will march to the polls to cast ballots.

LUMBER TALKS CONTINUE AT VANCOUVER

Talks are continuing in Vancouver today in efforts to iron out the labor dispute in the interior lumber industry.

For the past three days negotiating committees of the International Woodworkers (CIO-CCL) and interior lumber operators have been meeting in closed session at a conference called by the Labor Relations Board.

Horace Simpson, assistant general manager, S. M. Simpson Lumber Co., returned to Kelowna on Saturday. His father, S. M. Simpson, remained in Vancouver to take part in further discussions. Mr. Simpson said that both parties agreed that no announcement would be made while negotiations are proceeding. Negotiations are expected to continue for several days.

FOUR COAST YOUTHS FACE THEFT CHARGE

Four Vancouver boys, aged 14 and 15, are in RCMP custody here following the theft and damaging of two autos.

Police reported the four abandoned a car, stolen in Vancouver, a short distance from the Westside ferry wharf Saturday, crossed over and then stole an auto in the city belonging to J. Nakano.

The latter vehicle was run into a ditch in East Kelowna late Saturday afternoon. The youths were picked up by police a few hours later and subsequently charged with theft.

TEMPERATURES

	Max.	Min.	Pre.
Nov. 20	41	31	
Nov. 21	52	33	.04 rain
Nov. 22	50	25	.03 rain
Dec. 2	44	20	Trace rain

Forecast—Continued mild, cloudy with possible rain showers, snow flurries at higher altitudes.

Youthful Santa Claus

Who said there isn't a Santa Claus! Saturday morning the front office door of The Courier was opened and in stepped a small boy carrying a giant-size shopping bag filled with toys.

"Is this where I leave Christmas toys for little boys and girls?" he asked, his big blue eyes sparkling. He had difficulty in lifting them up on the counter, and the big grin that spread across his healthy red-faced cheeks was a picture in itself.

When The Courier receptionist thanked him for the toys, his eyes sparkled even brighter. He didn't say it, but one could see that he was proud to be able to make some little boy or girl happy over Christmas. He was still beaming when he darted out of the office—so quickly in fact that the reporter was unable to get his name.

An inspection of the parcel revealed a huge collection of mechanical toys—toys that do not have to be repaired before being passed on by the Boy Scouts to some unfortunate family.

During the past two or three weeks, over 20 parcels of used toys, dolls, books, etc., have been turned into The Courier office, representing hundreds of gifts for children whose parents are having a hard time making ends meet.

Boy Scouts have set up their workshop and meet regularly during the week repairing dolls, painting and repairing toys.

Christmas is less than three weeks away. Additional gifts would be appreciated and may be left at The Courier office.

Crown Apple Packing Champion at Hockey Game On Dec. 17

THE 1951 International Apple Packing Champion will be crowned during the intermission at the hockey game between Kelowna Packers and Spokane Flyers December 17, according to tentative plans released today.

The contest is scheduled to get underway at 2 p.m.

Mrs. Beth Garlinge, of Kaleden, and Mrs. W. Benoit, of Penticton, will be competing against eight top-notch packers from the Yakima and Wenatchee apple growing country. The two Okanagan women won the Canadian elimination contest last month, and are eligible to compete for the world's title which also carries a \$500 cash award.

The contest is attracting keen interest throughout the Pacific Northwest. Mayor W. B. Hughes-Games will welcome visitors and contestants along with A. K. Loyd and J. B. Lander, general manager and assistant general manager, respectively, B.C. Tree Fruits Ltd.

Mrs. Isabel Sillingfleet, of Kelowna, who captured the British Empire Apple Packing Championship four years ago in London, Eng., will be introduced, along with Mrs. Anna Bohren, Kelowna, 1949 Canadian champion; Mrs. G. Duncan, Penticton, 1950 Canadian champion, and Mrs. A. Peterman, Oliver, runner-up in the international contest at Yakima last year. Miss Faye Weeks, 1952 Lady-of-the-Lake, will also be presented.

Kelowna Board of Trade will be hosts at a dinner for officials and competitors. The contest will conclude around 5:00 p.m. and winners will be announced at the hockey game during the intermission. The apple packing champion will also be crowned and prizes presented.

ELMORE PHILPOTT

"Britain after the election" will be the topic of an address to be given by Elmore Philpott, noted newspaper columnist, at a dinner meeting of the Canadian Club of Kelowna in the Royal Anne Hotel next Thursday.

Mr. Philpott, who is a well-known and widely-read columnist, recently returned to Canada after covering the British elections for the Vancouver Sun. He is a graduate of University of Toronto, where his record as a scholar and athlete was outstanding. In the First World War he was a front-line officer, three times wounded, and was awarded the Military Cross; and after the war he became widely known as a writer, editor, columnist and radio commentator.

After the war he became widely known as a writer, editor, columnist and radio commentator.

NOTED MISSIONARY SPEAKS TONIGHT

A man with a great theme for modern missionaries, Dr. Allan Knight, of Angola, Africa, will give a special address at First United Church, Monday, tonight, at 8 p.m. Dr. Knight is widely-known as a guest speaker, and will tell of his work on the mission field in Africa.

SUGGEST RED WARNING LIGHT ON LIGHT POLES

Another of Kelowna's centre light standards was added to the "casualty list" recently when a youth struck an electric light pole at the west end of Bernard Avenue.

In view of the fact it was the last pole at the end of the street, Alderman Dick Parkinson, at Monday night's council meeting, suggested the pole be removed entirely and that a light be placed at the side of the street.

Mayor W. B. Hughes-Games said the question of placing reflectors on light poles has been investigated. "I'm still not satisfied. I can't see why a reflector cannot be used," he said.

Alderman Maurice Mellick suggested placing a red light at the base of the pole, even if it is necessary to drill a hole into the light socket. Council seemed interested in the suggestion, and referred the matter to Electrical Superintendent C. H. Neale for further study.

No Extortion Letters Received in Kelowna

AS far as it could be determined in a survey today, no local Chinese has received an extortion letter from Communist-held China.

"Lots of friends and relatives of our people here are having a bad time," said one spokesman. "There's lots of bad news coming in but no letters for money yet."

Several Chinese at Vancouver and at least one in Vernon have received letters from relatives in Red China pleading for money to keep from losing their liberty, their wellbeing or their lives.

In the belief that someone in Vancouver has been tipping the Reds off on who has money here, the Kelowna Chinese community is pressing an investigation. At Vernon a letter reached Jim-

my Woo, proprietor of Victory Cafe, from Hong Kong, through his sister, in which the communists demanded 15,000,000 dollars in Chinese currency, or some \$900 in Canadian funds.

If the money is not sent, serious injury and harm, or even death, may result to Woo's father in Canton.

Despite the tearing anxiety, Woo said he wasn't going to give in to the Red extortion. Along with other Okanagan Chinese he feels the only way to combat the extortion is to sit tight and ignore the ultimatums.

FAIR LAND TREATY

But Reserve Lands Held by Indians Are the Envy of White Man in Valley

By EMMA BYRON-JOHNSON

INDIAN reserves splendidly situated in proximity to river and lake are the envy of the whiteman. With its lush lands, Okanagan Indian Reserve No. 1, in the vicinity of Whiteman's Creek is no exception.

From spring to autumn these well-watered and fertile lands are both fruitful and beautiful. Spring comes in a bridal dress of white, the graceful Saskatoon bowing to yellow sunflowers and Spring Beauty at its feet. Autumn welcomes winter with flaming hillsides of red maple, yellow cottonwood, and sumac, while in the cultivated fields drab rows of sacked potatoes are foiled by the gay orange of onion stalks. Red of tomato and green of cabbage complement the vivid autumn picture.

Meadowlands gently sloping down to the lake are dotted with stacks of hay, both baled and loose. From the hills come logs, lumber and wood.

The largest Band in the Agency, is located at the head of Okanagan Lake. From the International Boundary to Princeton the reserves are very small, sometimes consisting of a few families only.

FIFTY RESERVES
In British Columbia there are 50 reserves, with sometimes as many as 14 reserves under one agent, or "superintendent," as he is now termed.

R. H. S. Sampson, with headquarters at Vernon, is superintendent over a large territory in the Okanagan. This Agency has jurisdiction over an area extending from Enderby on the north, to the International Boundary on the south, and over to Princeton. The combined population of these reserves is approximately 1,300 persons.

Natural settlement of the major groups, or Bands, of Indians has always been around Enderby; at the head of Okanagan Lake; near and up the Similkameen to Princeton. What is now known as Kere-meos and Hedley were the centers of population in ancient times.

Indians on "Whiteman's" Reserve No. 1 is commonly termed, are progressive. Considerable land has been brought under cultivation and houses equal to those owned by his white brother have been built in recent years.

CATTLE MAIN OCCUPATION
They derive their income from several sources. They do a small amount of logging on the adjacent hills, but more often hire out as laborers to logging companies and tie-makers who hold leases on nearby mountains. By so doing they obtain a good cash income.

However, cattle is the chief activity of this Band. An estimated 500 to 600 head of cattle graze on the Reserve, which, at present prices bring a substantial return to the owners.

Considerable acreage is under cultivation, much of it under lease to Chinese, who in turn, hire men, women and older children as laborers in the fields. Some criticism is directed against this policy but those conversant with the ways of Indians, believe that the habit of steady work thus inculcated in the young by the industrious Chinamen will gradually wean the Indian from his age-long custom of working intermittently.

On the reserves in the lower Similkameen, from Princeton to Princeton, timber is much more important than on the more northerly reserves. From this source the Indians derive an excellent income, as is manifest by improvement to their homes, and the use of car and truck in place of the more primitive modes of conveyance. Cattle raising is again a major activity. These Indians are now self-supporting.

CLEAR MORE LAND
"An endeavor is being made to clear more land for cultivation, except where the terrain makes this impossible. Agriculture has not kept pace with logging and ranching as these Indians are prone to go south for fruit, and apple picking, taking advantage of the more attractive wages offered below the Border. By treaty the Indian has the right to travel to and fro over the Boundary without hindrance. The Indian population of the

millions of acres of land, was just and fair in allocating to them the land whereon they had made their homes for many generations.

RUTLAND W.I. WILL PURCHASE HOSPITAL CHAIR

RUTLAND — Regular monthly meeting of the Rutland Women's Institute was held in the Community Hall.

Various committees reported on their activities. Mrs. F. Oslund reported on the annual meeting of the Women's Auxiliary of the Kelowna Hospital and the Institute decided to raise funds to purchase a wheel chair for the new wing to the hospital.

Mrs. R. Ruffl reported on the meeting of the Rutland Emergency Relief Committee, as Institute representative, and the W.I. will assist in raising funds for this committee during the coming winter.

Mrs. A. W. Gray reported for the War Memorial committee, and the Institute agreed to vote \$5 toward this fund. Plans were made to hold a turkey supper on Dec. 13, for members of the Institute and their husbands. This will take the place of the regular December meeting. The speaker for the afternoon was Mrs. M. E. Allan, of Okanagan Mission, who spoke on the work of the Canadian Red Cross Society, and the origin and history of the world Red Cross movement. The speaker was particularly with the Home Nursing classes that are planned for the coming year at various points in the Kelowna district. The Institute will sponsor a Rutland class, which will probably be held in the school. A hearty vote of thanks was extended to the speaker for her talk. Refreshments were served at the close of the meeting by Mrs. E. Burnell, Mrs. P. Grant and Mrs. P. Renno.

The Women's Federation of the Rutland United Church held a very successful bazaar and sale of work of the Community Hall last Friday afternoon. The affair was officially opened by Rev. J. A. Petrie, former pastor. The ladies grossed about \$125 as a result of the afternoon sale and tea.

Mrs. P. Renno had the misfortune to slip on the icy road surface on Sunday last, breaking her right arm in two places.

Angeline Alexander, Indian woman, is serving two months in jail for being intoxicated. A frequent offender, she was sentenced in city police court Nov. 21.

ADAMS HEADS RECRUIT WING AT VERNON

VERNON—With recruiting of both men and women for the new Vernon Reserve Army Unit, 117 Manning Depot, progressing steadily, if not as speedily as had been hoped, Lt.-Col. D. F. B. Kinloch has announced the appointment of Major T. R. B. Adams as major in charge of the personnel selection wing at the depot.

Three Vernon girls have now been accepted as officer cadets; about 20 others have been enrolled and are receiving basic training. The unit has a total of 22 officers, some of them stationed in Kelowna and Penticton.

Col. Kinloch, who commands the depot, says the need for recruiting is as urgent as ever. He particularly requires girls to join the Reserve C.W.A.C., and especially welcome will be any with training in office routine, stenography and accountancy.

Men, who so far have been extremely slow to enlist, can be accepted only if they are over-age, or unfit for service with a field unit. Recently staff officers from the depot joined with B.C.D. members and officers of other units in a cloth-table operation supervised by Brig. McGill, of Vancouver.

The purpose of the Vernon manning depot is the induction of Interior recruits, or conscripts, on the declaration of an emergency. The staff are rapidly becoming specialists in personnel selection, documentation and general screening of recruits.

Two boys in their early teens have been placed on six months' probation for theft. They were found to have taken \$35 from a coat hanging in a local restaurant.

Shaw's Candies, Kelowna, Doing Large Trade Since Coming To Orchard City

KELOWNA'S central position in the valley has brought K another new industry here. It's Shaw's Candies, in the Okanagan since 1948 and formerly located at Penticton.

A few months ago the factory was moved up the valley to Kelowna. It was a fortunate move in many respects because shortly afterwards a fire destroyed the Penticton premises.

Shaw's Candies is a familiar name in Kamloops, Vernon, Kelowna and Penticton. Actually, there are retail outlets in only the latter three, Kamloops proving to be too far away after a trial period.

As with numerous other firms who have made Kelowna their distributing centre, Shaw's Candies can serve both Penticton and Vernon more conveniently from here.

And it represents a sizeable industry with a payroll that contributes an important amount to the economy of the city.

Joe Tomlinson, candy maker par excellence, has been making candy for the past twenty years. He knows all the arts of the trade and his candy handwork means that every piece of confection is stamped with perfection.

EXPORT TRADE
Shaw's Candies are known in every province in Canada and at Christmas they take on an international note. The customer has placed an order destined for the next week to go to Boston, Mass.

It's a rare treat to walk into Shaw's and see the many different kinds of candy being made. Tantalizing aromas assail one's nostrils and here is no mistaking their full-bodied quality.

But there's more to candy-making than meets the eye—or the mouth. It takes years of experience, un-canny temperature exactness, skillful blending, and acutely guarded "know how" to produce candy and chocolates that will delight the palate of the nation.

For instance, have you ever wondered how they make those colorful candy canes that suggest Christmas at first sight? The mixture is poured onto a greased slab. After cooling, the batch is worked so air will make it frothy white in color. Then comes the pulling with the taffy looped over a hook on the wall. Kneaded into a bright loaf with strips of peppermint and anise, it is now ready for final shaping. Now, a twist spirals the stripes into a thin roll with a barber pole look. A flourish bends the crooks on the canes and soon they are shipped ready for eager buyers.

COPPER KETTLES
All candy is made in huge copper kettles. Why copper? Because it is best as a heat conductor, with a constant gas flame burning brightly below. Copper also cools quickly and with candy making it is important that the correct temperature be obtained and maintained.

Christmas Time is CANDY TIME!
Give SHAW'S HAND-MADE CANDY

ELDERLY MAN DIES AFTER 7 WEEK COMA

VERNON—Earl Raymond Hinds, a 62-year-old social welfare case who had lived in Vernon for the past 12 years, was buried here last week, after a seven weeks long coma from which he never recovered.

Mr. Hinds was rendered unconscious with a fractured skull—among various other injuries—when he wrecked his truck on St. Anne's Hill near to O'Keefe's on the evening of October 10. Dr. H. G. Searrow, who treated the mortally injured man from the time of his admission to Vernon Jubilee Hospital a short time after the crash, said his patient never regained consciousness during the weeks before his death.

For some time, the identity of the unconscious man was unknown, and after investigation, the R.C.M.P. detachment here decided his name was Roy or Ray Haynes. Later, it was discovered that the man had been living and working with an Indian family at Head of the Lake. Police said that the only information regarding Mr. Hinds' background they could turn up after considerable research was the fact that he had an aged mother,

and presumably step-father, in Spruce Lake, Saskatchewan. His mother's name was said to be Mrs. Ross Ellis. Police also said that Mrs. Ellis was unable to come west to visit her dying son in hospital because of financial difficulties. Neither was she able to be present at his funeral yesterday. City Welfare Officer O. C. Wolsey said that Mr. Hinds was in receipt of a provincial social welfare allowance, and that the Department

of Health and Welfare had borne the costs of the funeral. So far as is known, Mr. Hinds was not a veteran. Local Canadian Legion manager George Melvin said he had no trace of the man in his records. Officiating at the burial was Captain W. L. Longden, commander of the Salvation Army Corps here, after a service at the Vernon Funeral Chapel. Although the man had lived in Vernon for as long as 12 years, he had few, if any, friends here.

Britons Cheerful But Find Dull Food Boring, Says Penticton Man

PENTICTON—The British people are still cheerful, somewhat bored with the lack of variety in their food, and they are more concerned with the upheavals in Iran and the Suez than they are with the war in Korea.

These impressions were gained by Stewart R. Hawkins, Penticton hotel manager, who returned to Penticton last week after a brief holiday in the United Kingdom, with his wife.

Mr. Hawkins, making his second trip in three years, found some noticeable changes.

For example, he told a Herald reporter, the food in the hotels is more varied, more plentiful than it was two years ago.

CLOTHING NOT RATIONED

"The train service is still fast and not expensive but it seems that since the railways were nationalized the trains are not so warm, nor so clean, as they used to be," he said.

"Clothing, now unrationed, is plentiful and reasonably priced. Woollen goods, suits and overcoats, are not exorbitantly priced but the cost of cotton goods was higher than the traveller expected."

"I found shirts to have slightly better tailoring than the shirts over here have but, reckoning the exchange at three dollars to the pound they were priced similarly to Canadian shirts," Mr. Hawkins said.

"Harris tweed sports coats, however, were comparatively cheap. A coat selling there for about seven pounds might cost forty or fifty dollars in Canada," he explained.

ROYAL TOUR

During his visit Mr. Hawkins was able to keep well abreast of the Royal tour. Considering the size of the British newspapers the press, catering to Britain's interest in Canada, kept the public extremely well-informed of the progress of the Princess Elizabeth and the Duke of Edinburgh.

Politically Mr. Hawkins found the British concerned with the troubles in Iran and the Suez. "People seemed to feel that there was danger of the empire being sliced up and I got the impression that they thought Mr. Churchill would be the man to prevent it. I think that line of thinking might have swung a lot of votes in his party's favor."

"The middle east problems are more in the public mind than is the war in Korea. The far east fighting has, I think, been placed on a par with the struggles of the British against Communism in Malaya which has been going on for years without much publicity."

SPIRITS HIGH

Mr. Hawkins reports that there is some concern over the possibility of war. "Not war itself, but mainly because of the danger that rockets fitted with atomic warheads, might be used with devastating effect on the country, he explained."

Despite the troubles besetting the British at home Mr. Hawkins found little evidence of people wanting to leave the country. "I met some people coming to Canada on my return journey but while I was in Britain I didn't meet many who were eager to leave. On the whole their spirits were quite high," he declared.

OKANAGAN CENTRE

OKANAGAN CENTRE—Gordon Munro, for many years a resident of this district, now of Vancouver, is making a visit to Kelowna. Last week he and F. Constable motored to the Cariboo and returned with a moose.

This week the two men accompanied by B. Cooney and C. Gunn are hunting on the west side.

H. A. Howard, of Calgary made a business trip the end of last week to the Centre in connection with the Okanagan Valley Land Co. of which he is president. While here he was the guest of Mr. and Mrs. Van Ackeren.

B. Cooney, president of the Fruit and Vegetable Workers' Union, returned on Friday from a five-day stay at the coast on union business.

A new resident of the Centre is Mrs. Merchant, of Vancouver, who is occupying a cottage on Lakeview Ave., once the home of Mrs. Evoy, Sr.

Mr. and Mrs. Ivan Hunter motored to Vancouver and after a short visit with relatives returned, bringing with them Mrs. Schubert of Tulameen, the latter's mother, who will spend the winter at the Hunter home.

Mr. and Mrs. R. Brixton motored to Enderby over the week-end for a visit with relatives.

LETTERS TO THE EDITOR

Letters should be short and must carry the names and address of the writer. A non-plume may be used if desired, but preference will be given to letters published over the writers' own names.

HALF AS GENEROUS

The Editor, The Kelowna Courier.

Dear Sir—In a recent issue of The Courier it was reported that a surplus of 1c was realized from the recent Halloween party staged by the Kinsmen with the help of a grant from the City Council, and that the Council had very graciously turned this surplus back to the Kinsmen.

The Kinsmen Club feels that it should point out that since the Council donated only one-half of the total sum of \$200—not the full amount as would appear from the previous article—only one-half of the 1c surplus was rightly the property of the city. Although this makes it appear that the Council is only half as generous as previously reported, the local Kinsmen are very grateful for the co-operation and financial assistance which enabled them to stage such a successful kiddie's party.

C. A. BRUCE, Publicity Chairman.

Cook by Colour

An Amazing New Idea in Home Cookery

GENERAL ELECTRIC

AUTOMATIC SPEED COOKING RANGE

with PUSH BUTTON Magic!

Push-button cooking is an amazing new idea in home cookery. With a mere touch of your fingertip, you get the exact heat you want for every cooking job... from a definite high for fast-starting... to a definite low for keeping foods at serving temperature. You cook simply by pushing buttons.

Actually you "cook by colour"... for Tel-a-Cook lights flash on... a different colour indicating each

exact cooking heat. Now you can enjoy wonderful meals, shining cleanliness, automatic timing, super-speed units... all this, plus the magic of push-button convenience.

Ask your neighbourhood General Electric Dealer to show you the many features that make "push-button" cooking the answer to better meals, bigger economies, happier kitchen hours.

Kelowna Overcomes 2-0 Lead Before Season's Best Crowd

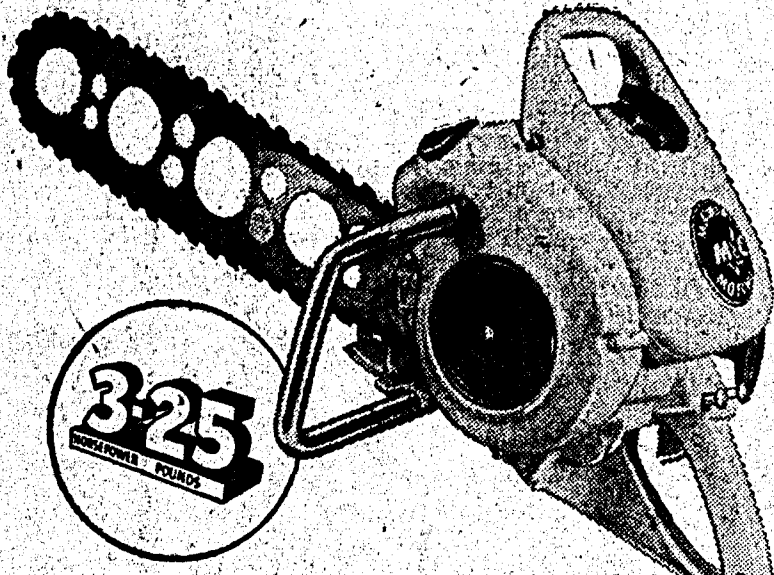

KELOWNA 5, PENTICTON 3

IT'S neck and neck now in the bitter race for supremacy between Kelowna Packers and Penticton V's.

After spotting the V's an early 2-0 lead, the Packers hit back with vengeance to take a 5-3 decision from the southerners here Saturday night in superlative fashion. Besides being the fastest and classiest puck battle yet this year, it was played before the season's largest home crowd.

Helping substantially in filling Memorial Arena with 2400 screaming, cheering, boating partisan fans was a huge contingent of Penticton supporters. The triumph pulled the Packers up even with the V's in jousts to date, both saving two wins and a tie.

With obvious heavy strain, both sides managed to keep tempers from running hogwild and turning the encounter into an uproarious free-swinging affray. Neither team gave

Referees—A. Smith, J. Ursaski.

Stan Underhill New President Of Golf Club

Newly-elected Kelowna Golf and Country Club executive named Dr. Stan Underhill to the chair at its first meeting Thursday. The medical officer succeeds P. R. Burkholder, who held the post of president for two years.

Fred Williams, captain during the past year, was chosen vice-president. Don Johnston remains as secretary-treasurer. Eric Ehnman is elected captain for 1952 at the annual meeting earlier in the week.

On the sub-committees so far are: finance—H. N. Oldenberg (chairman); grounds, Max de Puyffer (chairman); O. C. (Monk) Steele, F. Williams; house and entertainment, V. Shirrell (chairman); membership, Jack Ritch (chairman); match and records, F. Williams (chairman).

IN THE SPOTLIGHT

DASKI

CHANCES ARE GOOD that Mike Daski will be back with the Packers. Kelowna officials are waging a campaign against Mike Kaminsky of Philadelphia over who keeps the pivotman of last year's top DDK line. Daski joined up with Philadelphia this season but now wants to return to Kelowna.

THURSTON

GIVEN HIS RELEASE by the Packers last week was centreman Tod Thurston. That's how confident team officials are that Daski will be back to take over a pivot post. Next stop for Tod, 25 and single, is back to hometown Winnipeg. He left today.

ROCHE

A NEW FATHER yet to see his first offspring is Brian Roche of the Kelowna Packers. The happy event occurred in Winnipeg a little over two weeks ago. Mother and son are expected to come to Kelowna for the first time as soon as conditions warrant.

VERNON, PACKERS HIT THE ROAD IN EXCHANGE GAMES THIS WEEK

Two Okanagan senior teams travel out of their own terrain this week in interleague games.

Vernon Canadians make the Coast jaunt, showing in Kerrisdale Arena tonight and in Nanaimo tomorrow.

Kelowna Packers face a five-game stint in six nights, starting this week-end, fulfilling their obligations in the Western International League territory. They play in Spokane Saturday and Sunday, at Kimberley Tuesday, in Nelson Wednesday and then wrapping up the trek in Trail Thursday.

But before they embark on their gruelling tour the Packers host the Kamloops Elks here Thursday. In two previous meetings here Elks won in overtime. Last time these two squads tangled was in Kamloops, November 21, with Packers spilling the home-sters 6-3.

CRICKET CLUB HAS RESERVE OF YOUNGSTERS

Future of the sport of cricket here, threatened by lack of interest among youngsters, looks brighter, the annual meeting of the Kelowna Cricket Club learned last week.

Steps were taken during the past playing season to instruct a keen band of high school youths in the elements of the game so that now a reserve for the Spencer Cup Cricket League team is being built up.

The KCC is giving the young cricketers all the support it can and hopes to arrange matches next summer against Vernon Preparatory School.

Ed Matthews was re-elected president with John Johnston named to the vice-presidency. New secretary and publicity chairman is Allan Moss, assisted by Fred Martin. Jack Lomax is captain, Walter Green vice-captain.

WANT TO QUIT

The past season was not the best financially, either. In addition to trying to get young blood into the team next year to replace the older men who want to quit but up to now have had no replacements, the club proposes to enroll non-playing members for a nominal fee.

Members also chose blue and gold as club colors and approved the purchase of bowling screens.

Next year's league makeup is expected to be the same as during 1951, but this will not be known definitely until the annual league parley is held in the spring. In the circuit last year were Naramata (league champions), Kelowna and two sides from Vernon—Legion and Farmers.

CUNNINGHAM HERE FOR GAME DINNER NEXT WEDNESDAY

Game Commissioner James Cunningham of Vancouver and Game Biologist Pat Martin of Kamloops will be the two main speakers during the annual Kelowna and District Rod and Gun Club game banquet next Wednesday.

Judging by appeal in the past, the committee in charge is confident close to 300 will be on hand for the dinner, speeches and entertainment. Tasty portions of bear, moose, deer, elk, goat and fish will be set out to tempt the appetite of the most exacting gourmet.

Site of this popular function this year is the Anglican Parish Hall, with St. Michael's Parish Guild catering.

CLEAR "WASTE" AWAY AND SAVE THE DAY WHEN YOU'RE FEELING SLUGGISH

Get rid of body wastes and see how quickly "loggy" feelings due to poor elimination give way to sparkling pep and zest! These energy-robbing wastes accumulate not only from sluggishness of the alimentary canal, where your food digests—but also as a result of lazy kidney action. Millions of people all over the world have found Kruschen Salts to be a useful corrective, for such troubles. Why? Because Kruschen is both laxative and diuretic—it promotes healthy action in bowels and kidneys. Gently but thoroughly. Just a little Kruschen with your morning beverage when needed helps you keep thoroughly clean inside... "on top of the ball" all day, every day!

KRUSCHEN SALTS

AT ALL DRUG STORES

of the WHL 9-4.

The Trail loss gave the Silver City crew a 500 percentage in the OSAHL, winning overtime games against Kamloops and Kelowna, and losing to Vernon and Penticton. The Smokeies lost to Kerrisdale and won in overtime at Nanaimo immediately prior to their Okanagan junket.

Dick Warwick was his flying self again, pacing the winners with four goals and one assist. Popular Willie Schmidt, who learned he was a new papa just before game time, celebrated with a tally and three helpers.

First period—1, Trail, Cavanagh 1:00; 2, Penticton, Davison (Schmidt Warwick) 4:20; 3, Penticton, Schmidt (Richardson) 8:30; 4, Penticton, Rucks (Montgomery) 11:54; 5, Penticton, Warwick, 19:10. Penalty: Hamilton.

Second period—6, Trail, Staley (Shabaga, Sinclair) 7:21; 7, Penticton, Warwick, 9:05; 8, Trail, Rypien (Cronie, Crough) 11:22; 9, Penticton, Holmes (Schmidt, Davison) 14:45; 10, Penticton, Warwick (Schmidt, Holmes) 14:56. Penalties: Richardson, Hamilton, Staley, Rucks.

Third period—11, Penticton, Warwick (Holmes, Davison) 20; 12, Penticton, Rucks (Johnson) 4:40; 13, Trail, Cronie (Rypien) 13:40. Penalties: Sofiak (served by Shabaga), Crough (major), Schmidt, (major and minor).

The most IMPORTANT MAN in the CANADIAN Army

There have been many startling developments in modern weapons—even talk of push-button warfare—but despite all of this—the INFANTRYMAN continues to be the most important man in our defence forces.

Today, the Canadian Infantry Soldier is one of the most highly trained men in our Army. He is master of many weapons. He is tough. He has built a reputation that is second to none.

More young men are needed right away to swell the ranks of the Royal Canadian Infantry Corps. The job is not an easy one. You have to be good to make the grade as the most important man in the Canadian Army—the INFANTRYMAN.

TO ENLIST YOU MUST:

1. Volunteer to serve anywhere.

2. Be 17 to 40 (Tradesmen to 45).

3. Meet Army requirements.

4. Married men will be accepted.

A. R. POLLARD, President, KELOWNA SENIOR HOCKEY ASSOCIATION. 17-Mfc

THREE MILK BOTTLE THIEVES AWAIT SENTENCE

VERNON—Three juveniles ranging in age from 13 to 14 years have been remanded for sentence on Tuesday following hearings last week of charges of milk bottle theft in Juvenile Court before Juvenile Judge Frank Smith.

Police report that practically all cases of milk bottle thefts, numbering between 30 and 40, have now been accounted for.

The three boys in question are not believed to be responsible for any of the thefts reported.

Police were unable to state total amount of the thefts which date back to the spring of the year.

The boys steal money from the bottles after they have been put out for the milkmen. Police warn that householders should use tickets whenever possible.

For operating a motor vehicle without a subsisting driver's licence P. A. Gabruch was fined \$25 and costs in city police court Nov. 10.

LADY GOLFERS ANNUAL MEET

The annual meeting of the Ladies' Section of the Kelowna Golf and Country Club will be held at 3:00 p.m. December 10 at the Golf Club.

Rutland Girl Exchanges Vows at Pretty Ceremony

Two little flower girls in pink and turquoise taffeta dresses carried the long, flowing veil worn over her bridal costume by Mary Gerk, when she became the bride of John Klostner, on November 23, in St. Theresa's Church at Rutland.

Rev. A. L. DeLestre read their vows for them at the 10:00 a.m. service.

The bride is the daughter of Mr. and Mrs. Paul Gerk, of Rutland, while the groom is the son of the late Mr. and Mrs. A. Klostner, of Battleford, Sask.

To speak her vows, the bride chose a gown of white lace over satin, lily-pointed sleeves and a fitted bodice featuring scalloped edging on the V-neckline and the hem of the skirt. A pearl headpiece held her full-length veil, carried by her niece, little Sharon Gerk, in a full-length dress of turquoise taffeta, and Lois Stremel, the bride's cousin, in similar pink dress.

A trio of senior attendants completed the bridal entourage. Miss Emily Schneider, was maid of honor, and were green taffeta; Miss Mary Stremel, as bridesmaid, wore yellow net over satin, and Miss Kay Weingart, the other bridesmaid, wore blue taffeta. All wore matching headdresses, and carried bouquets of mums.

Supporting the groom was his cousin, Mr. Raymond Stremel; while the bride's brother, Mr. Johnny Gerk, ushered with Mr. George Stremel.

Soloist was Mr. B. Bachman, of Glenmore.

At the reception which followed at the East Kelowna Hall for about 120 guests, Father DeLestre proposed the bride toast. Mrs. Ed Gerk, Mrs. Anne Stremel, Mrs. Kay Schneider, and Mrs. Norma Stremel were asked to preside at the urns, while assisting with the serving were Misses Helen Stremel, Rose Lingor, Cathy, Betty, and Jean Schneider. The bride's table was decorated with carnations, and the three-tiered wedding cake.

Both the bride's mother, attired in blue crepe, and the groom's aunt, who wore black crepe, accented their costumes with pink rosebud corsages.

Mr. and Mrs. Klostner are making their new home at 2193 Woodlawn Street in the city.

Mr. and Mrs. L. Kan, of Penticton, were out-of-town guests at the wedding.

Week-end Chatter

by MIL CRITTENDEN

CONGRATULATIONS to Mr. and Mrs. J. B. Lander who celebrated their 25th wedding anniversary last week while holidaying at the coast. They returned to Kelowna Friday after spending a week at the Vancouver Hotel.

ANOTHER SILVER wedding will be celebrated December 13 when a party will be held for Mr. and Mrs. Alex Ciancone at the Orchard City Hall.

CONGRATULATIONS to Marlene and Herb Sullivan on the arrival of their new twins—a boy and a girl! I've heard twins described as "double trouble"—but not by the Sullivans! I hear that Herb thinks the most terrific thing that ever happened—and I'm sure—had project can come as efficiently with these cherubs as she did with her job as lab technician at Kelowna General.

LIGHTS are twinkling across the lake these nights from "lakeview Heights"—the Veterans' land project at Westbank. Freddy Waterman, now living there himself, tells me that fifteen families have already moved into new houses over there. The Jeff Grey's plan to be in their new home before Christmas.

I HEAR that the old Spanish prison extortion racket has reared its ugly head again in Kelowna. This is a particularly vicious racket that has been practiced successfully for years—one that turns up periodically like the pyramids of Egypt. This time it's originating from a city in Mexico—and at least one prominent Kelowna man has had the dubious distinction of finding himself on the mailing list.

This man has received a letter from a person who claims to be illegitimate son of a Mexican. The writer claims that he has \$40,000 in a secret compartment of a trunk lodged with the U.S. customs. He asked the Kelowna man to help him secure this money—with which he would allegedly buy his way out of prison. In return for his help, the details of which would be given in a later letter, the Kelowna man would receive a third of the \$40,000. The Kelowna man is asked to send his answer to a third person—an intermediary in the States.

People have been known to lose fabulous sums of money by following up these bogus leads. The usual procedure is to lure the victim on with a certain show of good faith. For instance a man who sends \$100 might receive rings or other jewellery worth even more in return. This, of course, is a "come-on"—tempting the prospect to sink more and more money in the swindle. As I understand it, there is no recourse to law as the racket is operated from a point outside the jurisdiction of Canadian and American authorities.

KELOWNA is often called a "man's town" as far as clubs and community activities are concerned. But it seems that nowadays women's clubs are flourishing with new vigor.

The Junior Hospital Auxiliary is now enlarging its membership and among the young Kelowna matrons who have recently joined its ranks are Marian Baines and Bernice Reed.

The auxiliary seems to be bustling with fresh enthusiasm and activity during the last few months. Recently Margo McLaughlin and Myra Cumming represented Kelowna at the Interior regional meeting at Oliver.

Their current money-making venture is the sale of Christmas memo calendars which they hope will boost funds for their many worthwhile projects. The money will go towards furnishing the nurses home and, later, for furnishing a semi-private ward in the new hospital wing.

ANOTHER thriving organization is the Beta Sigma Phi—an international organization for business girls.

Mrs. T. F. McWilliams acts as cultural director of the Kelowna Chapter which was organized last year. There are 1,600 chapters of the society throughout Canada. Great

WILL DISPLAY PAINTINGS THIS WEEK

A pre-Christmas show and sale of over one hundred original paintings will be sponsored by the Kelowna and District Art Group at the Union Library this week, on Thursday and Friday. All the pictures have been donated by local KDAG members. Proceeds from the affair will be used to provide short courses in painting and allied arts by professional artists. Exhibitions of the works of noted Canadian painters, and other KDAG projects, will also be added.

The local art group has contributed a great deal to the life of the community in its past six years of organization. Times for the showings are 9:00 p.m. to 10:30 p.m. on Thursday, and 10:00 a.m. to 9:00 p.m. on Friday.

BRANDON WEDDING OF INTEREST TO VALLEY RESIDENTS

Knox United Church in Brandon, Manitoba, was the scene of a pretty wedding November 24, which has interested in the Okanagan. The bride, Miss Joyce Buckley, is a granddaughter of Mrs. J. C. Gibbons, of Winfield, and has been employed for several seasons at Okanagan Centre, where she has made many friends.

The eldest daughter of Mr. and Mrs. C. S. Buckley, she was united in marriage with Gnr. Ervin Melin, only son of Mr. and Mrs. E. Melin, of Regina, Sask., at the 3:00 p.m. ceremony at which Rev. J. I. Horricks officiated.

To the strains of the "Wedding March" played by Mr. R. Hawley, the bride entered the church on the arm of her father. She wore a gown of white slipper satin and Chantilly lace, the moulded bodice highlighted by a Peter Pan collar appliqued with seed pearls and brilliants. The full length satin skirt had an inserted panel of the Chantilly lace, and the sleeves were lily-pointed. Her fingertip veil of illusion was held by a coronet of seed pearls and brilliants. She carried a bouquet of red roses and baby mums.

Miss Marion Gibbons, aunt of the bride, was the bridesmaid. She chose a gown of blue lace and carried a bouquet of pink roses with matching headdress. Mrs. Bruce Buckley was matron of honor and wore a gown of pale mauve taffeta, and carried a bouquet of yellow roses, to match her headdress. Little Linda Buckley was her sister's flower girl and she was in a gown of pink taffeta and carried yellow baby mums, and wore a matching headdress.

The bride's brother, Mr. Bruce Buckley, was best man, while ushering were Gnr. D. Thompson and Gnr. D. Wells, of Sault Ste. Marie. Tall tapers offset the beautifully decorated three-tiered wedding cake which claimed special interest on the bride's table at the reception which followed at the home of the bride's parents.

Perfuming the honors at the tea table were Mrs. L. Gibbons and Mrs. H. Castle. Mr. Stuart Grant proposed the bride toast. Servants were Mrs. W. Cuff, Mrs. R. Everett, Mrs. L. Gray, Mrs. S. Grant, and Miss Lella Gibbons.

For travelling the bride wore a navy suit with grey accessories. Her top coat of muskrat, was the gift of her father.

Mr. and Mrs. Melin left by car for Regina, and on their return will make their home at 204 Fifth Street, Brandon.

CONGREGATION HONORS LOCAL PASTOR, WIFE

Members of First Lutheran Church here honored their pastor and his wife on the occasion of their 25th wedding anniversary on Sunday, November 25. Rev. and Mrs. W. Wachlin were guests of honor as Rev. E. Mayan, of Vernon, took over the evening service, and preached a special sermon to a large congregation. White mums decorated the altar for the occasion.

A social hour followed in the parish hall where Rev. L. A. Gabert acted as master of ceremonies. Mrs. Wachlin was presented with a silver wreath headdress, and Mr. Wachlin with a silver leaf boutonniere. Mr. M. Muhly, following a short address of congratulations, presented the couple with a silver service and sizeable purse. Rev. and Mrs. Wachlin thanked the members of the congregation for the gift and the many kind wishes expressed during the evening. A huge wedding cake centred the table of the honored couple. Lunch was served by the ladies.

Married at Red Deer, Alta., on November 24, 1926, Rev. and Mrs. Wachlin have three children. Their eldest son, Walter, stationed with the U.S. army at Fort Lee, Va., was unable to be present for the celebration. Their daughter, Abella, who graduated from Normal School in 1949, is on the staff of the Kelowna Elementary School, and their other son, Norman, age 10, is attending school here.

COUPLE OBSERVE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Frank J. Thomas, residents of the Vernon Road, celebrated their silver wedding anniversary at a family supper on Thursday last week. They were married at Weyburn, Sask., in 1926, and came to the Kelowna district in 1929.

Present for the occasion was Mrs. Thomas' mother, Mrs. Elizabeth Schaeffer, of Kelowna, and three of

Talk and Tinsel

By Pat Mackenzie

Well, if you were out gathering up those evergreen cones over the week-end, and if you've got them all nice and dry, here's the coloring recipe I promised you. After you have colored them all pretty, you put them in the fireplace, and they will burn all pretty—blues, and greens, and yellows, and reds—lovely colored flames for Christmas Eve.

And it's certainly not hard to do. Here's what: Make sure the cones are thoroughly dry. Soak them in chemical solution (for different chemicals for the different colors, look at the bottom of the paragraph) for two days, then spread in a warm place on thick layers of newspapers, dry thoroughly. The cones may be dipped a second and even a third time to intensify the effect. Store in a cool, dry place.

CHEMICAL SOLUTIONS
Red—1 lb. strontium nitrate in one gallon water.
Blue—1 lb. copper sulphate in one gallon water.
Green—1 lb. borax in one gallon water.
Yellow—1 lb. calcium nitrate in one gallon water.
Purple—1 lb. potassium chloride in one gallon water.

A trip to the nearest prescription counter will satisfy your search for coloring salts. I priced the chemicals you'll be using and found out that bluestone (which isn't listed above, by the way, but which you will likely use for your Yule Logs) is 25c a pound. The borax is 20c a pound, and the copper sulphate 45c a pound. Most expensive is strontium nitrate, at 35c an ounce, while potassium chloride is 20c an ounce, and the calcium nitrate 5c an ounce.

So, now you know!

From "Elizabeth and her German Garden" comes this: "It is the fashion, I believe, to regard Christmas as a bore of rather a gross description, and as a time when you are invited to overeat yourself, and pretend to be merry without just cause. As a matter of fact, it is one of the prettiest and most poetic institutions possible, if observed in the proper manner, and after having been more or less unpleasant to everybody for a whole year, it is a blessing to be forced on that one day to be amiable."

Well, and if it isn't the truth, even today! I warned you this was going to be a conglomeration of things, something like a Christmas stocking. Right now I'm pulling out an idea for some of those last-minute little gifts that are always left until the last minute. Suddenly I remember about them, rather hysterically! Well, there are some awfully cute patterns for such in our Needlecraft News series. They're scot free, for the asking! Did you see the pattern for the Western outfit for the seven- or eight-year-old cowboy? In the family, complete with holster, belt, cuffs, and kerchief ring—all done up Western style with real studs and stuff! And there's the honest-to-goodness, cutest pattern for a knitted kangaroo and her baby to please the smallest fry. Even I couldn't resist the stuffed bunny rabbit—held look awful cute made out of bright red check gingham, or even some of that new printed plastic!

Then there's all sorts of dressy and plain place mats, and doilies that you can run up quickly. If you've got more than a day or two, why not make one of those darling square dance dolls?

GOOD IDEAS DEPARTMENT: A note from the Kelowna Courier files of November, 1941: "Christmas shoppers again will be given the opportunity of window shopping to their hearts' content right inside the local stores. The Kelowna merchants

their four sons. Alex, of Princeton, was unable to attend. Their other sons, Gordon and Donald, both married and living in Kelowna, were there, as was the Thomas' youngest son, Jimmy, living at home.

Christmas trees, and all the rest of the things you expect to see in a snow-covered wonder world. A real clever job, I'd say!

GOOD EATING, TOO

'Ripe olives have a very definite spot in menus, not only for the "celery and olive" course, but also in hearty entrees and salads for nourishing winter menus. Ripe olives average about 18 percent fruit oil and also have appreciable amounts of calcium and iron.

FISH is too often overlooked, which spoils its delicate flavor.

Something important you should know about your husband

You know him better than anyone else in the world. You know his bad points as well as his good ones. But one of his best points may have escaped your notice.

You know that he doesn't do many of the things he'd like to do with his money—because the family income will only go so far. And you know that he might reasonably spend money freely now—without a thought for your future. But he doesn't.

Regularly, he puts aside money to give you the protection of life insurance. True, he may gain benefit from that insurance during his own life, but that isn't why he owns it. The real reason can be found in his concern for your welfare.

Do you co-operate with his efforts to provide for you in this important way? Are you encouraging his habit of thrift?

Right now, it's more important than ever to save money. For every dollar put aside for the future helps to check inflation... helps to protect the value of all your money.

So check over your budget. See what new savings you can make!

Always rich coffee with the flavor sealed in

Under the Tower At Ottawa

By O. L. JONES, M.P.

Ottawa, November 28, 1951
The extraordinary behavior of the Canadian Government in connection with the movement of General Kurt Meyer to Europe was severely criticized by various members in the House. It seems that this general was stealthily brought to Canada after the war to serve a life sentence for having been partly responsible for the shooting of Canadian prisoners.

In a similar manner last week he was transferred to the British zone of Western Germany. Technically, the general is still under life sentence, also under the jurisdiction of the Canadian Government, but strangely enough, a report appeared in the press last week giving an account of the general's romping about with his children at his mother's home in Offenbach. This discovery was made by Mr. Douglas How of the Canadian Press. General Meyer told Mr. How that he was making a visit under a system which allowed war prisoners to go home on leave from time to time. If the

practice of this prison, which is under the control of United Kingdom occupation authorities, is such that General Meyer can visit his home, it is presumable that several other generals who are also in prison there have the same privileges, which suggests that to all intents and purposes, they are not prisoners in the true sense of the word. The Globe and Mail criticized this incident severely and I quote from their editorial of November 27th:

QUOTE EDITORIAL

"Whatever criticism this incident brings upon the members of the cabinet is richly deserved. They have never been honest about the Kurt Meyer case. They have never told parliament what is their policy toward him. They have always been as evasive in their words as in their actions. Has not one of them, the courage, after all, this pussy-footing, to stand up in the House of Commons and say exactly what they are planning to do with him? Will none of them state clearly

whether he is, or isn't a criminal? It is significant, but not surprising, that this latest controversy involves the defense department. Everything Mr. Claxton touches turns to trouble. Time after time, he demonstrated his inability either to do the job or to tell the truth about the job he is doing. After all, there is such a thing as cabinet integrity." Parliament is to be given further information regarding this incident when replies are received from Western Germany.

DAIRY INDUSTRY

In view of the present fear of the British Columbia dairy industry that they are gradually being driven out of business by competition from the sale of margarine, it is reassuring to read a statement to be found on page 1307 of Hansard to the effect that milk cows in British Columbia show an increase from 92,489 in 1941 to 96,000 in 1951. In spite of this reassuring statement, the dairy industry has reached a precarious situation in its economy. It would be a sad experience for all if we were unable to have access to our supply of fresh milk and butter owing to the dairy industry being put out of business through uneconomic prices offered for their products. The Minister of Agriculture is fully aware of this and no doubt intends to bring in some measure of relief or protection in the near future.

Most of the evidence so far submitted for the consideration of the committee dealing with price fixing has been in favor of maintaining the present system. Very little opposition from the public has been offered against the submissions of large manufacturers and wholesalers. The brief submitted by the

Canadian Retail Federation seems to be the views of those in favor of retaining re-sale prices.

Re-sale price maintenance applies to only a minority of products sold at retail. The public has the protection of an established brand name and the assurance that the retailer, backed by the manufacturer, will guarantee the quality as well as the servicing of his product.

Consumers have the assurance that they will not be subject to the excessive prices that might be charged in areas of local product monopoly.

INCREASE ALLOWANCE

Later on, no doubt, submissions will be made on behalf of the consumer showing the other side of the picture and if discrimination and evils exist in the practice of fixed prices, then they should be remedied.

The Veterans Allowance Act is not up for discussion at this session, but a resolution by Mr. Victor Quelch seeking an immediate increase for the burnt-out veterans is still under discussion. It appears as an amendment to the Speech from the Throne. While it is doubtful if it will have a majority support in the House, the speeches expressing concern on behalf of this group of veterans will no doubt induce the government to take steps to increase their allowance early in the new year.

TEACHERS FORM COMMITTEE

KAMLOOPS—A credit committee of the B.C. Teachers' Federation Credit Union has been organized here. On the committee are: Miss Melva Dwyer, Don Campbell, Roy Hyslop and Perry Richards.

U.S. APPLE SHIPMENTS ABOVE PAR

WENATCHEE—Thirty-seven per cent of the short North Central Washington apple crop has already been shipped to market, according to the Wenatchee Valley Traffic Association.

The percentage total is well ahead of that usually recorded for this time of the season, handlers said. Traffic Association figures showed shipments through Saturday of 4,287 cars of fruit.

This total amounts to 37 per cent of the indicated 11,500-car crop in the district. Percentage movement has been heavy to date despite industry desires to hold fruit for later sale.

"We just have to keep our regular customers supplied," one handler commented. "Even by stringent allocation of shipments to individual buyers, we've still had to move fruit faster than we'd probably like to in this short crop year."

Shippers explained that the industry many times calls on the trade to "help out" with heavy purchases in long-crop years.

"For that and other reasons we must keep our regular customers supplied when the crop is short here. Our wholesale and jobbing trade buyers in turn have their retail buyers to keep satisfactorily supplied with our apples."

The 4,287-car shipment from NCW points compares with only 1,963 cars moved so far from the Yakima district, bringing a total of 6,250 carloads sent to market for the state.

This was 31 per cent of the indicated 20,148-car crop from the two districts. The industry generally expects to have a little more than 25 per cent of the production from both districts moved to market at this time in the season.

There were some comments on fruit row that the rate of movement has been "too good." Some observers also expressed surprise at the amount of fruit that has left growers' hands, with the speculative trade standing to gain by the current high market.

A year ago, with record production in the state, only 27 per cent of the crop had been shipped, when movement of one-third of the holdings had been desired.

This year's smallest crop in three decades is reflected in current storage holdings in the state. Totals now are only 13,898 cars in the state's warehouses compared with 28,558 carloads in storage a year ago.

Apples have moved into consumption rapidly, throughout the nation this fall, according to trade reports.

On Nov. 1, the nation's storages held 40,671,000 bushels of apples, down 28.9 per cent from a year ago, the International Apple Association said.

Commenting on the movement into consumers' hands, Carroll R. Miller, secretary of the Appalachian Apple service said:

"The 40½ million bushels is well below the 52½ million on Nov. 1, 1949; also, and is probably the peak

for this season. Storages held 57,172,000 bushels a year ago.

"Apple movement at retail for September and October was notably better than last fall, but it was well under the same months in 1949.

"Considering the smaller crop this year (113 million bushels against 123 million) the consumption percentage seems satisfactory, if it can be maintained."

Miller said the present 113-million bushel crop in the nation is about the same as that of 1947. In comparing the market situation that year with current prospects, he said:

"In 1947, we were just emerging from the inflated demand and prices of World War II; we still thought we could pack up anything and sell high."

"So we did—and produced a low-grade pack which we held for high prices. The 1947 deal, with the same volume as this year wound up disastrously. Cold storages were still half full in the Appalachian area on March 1."

Miller went on to point out that this year the attitude of the industry has changed. He said these factors have been present:

1. Prices are roughly 20 per cent under this time in 1947, in the Appalachian deal.

2. Growers' nationally have sold freely.

3. Heavy consumption of apples has been induced.

"It seems rather clear that in 1947 prices started too high to induce consumption and were held too high."

"We're not saying that a quick increase in our f.o.b. (Eastern) prices will dangerously slow down consumption this year."

"It is an established fact that at retail brilliant Western Delicious frequently outsell Eastern Delicious 2 to 1 in volume, although the Westerns are three cents higher per pound."

"That's the cumulative effect of advertising."

CHEERLY MAN
Oh Navy Rum, the...

WAR MEMORIAL DRIVE TOPS OBJECTIVE

\$282.45 Raised in Rutland for
Inscribing Names of War
Veterans

RUTLAND—The War Memorial committee met at the home of A. W. Gray on Friday evening to wind up its activities. The total amount that has been collected was reported by Secretary B. Chichester as \$282.45. The cost of inscribing the names on the memorial will be approximately \$230. The committee decided to send snapshots of the memorial and the Remembrance Day service to the relatives of those whose names were inscribed on the monument, and to mail receipts to all who subscribed \$1 or more to the fund. Part of the balance left over will be used to inscribe the dates "1914-1918" and "1939-1945" on the memorial, and then the remainder will be turned over to the Boy Scouts Group Committee to be used for maintenance of the memorial, and the planting of bulbs and flowers.

The committee was very gratified with the response to the appeal for funds. Eight subscription lists were circulated, and the receipts from these were as follows: Belgo (B. Chichester) \$30; B.C.F.G.A. (P. Stevens) \$16.25; Crossroads Supply, 321; Gray's Realty, \$77; E. G. E. (Mrs. A. W. Gray) \$48.20; McLean & Fitzpatrick Ltd., \$32.50; Post Office, \$14.50; Rutland Sawmills Ltd.

"BUMPSA DAISY" TOUGH ON CARS

Though the "bumpsa daisy" is popular in dancing, it's tough on cars, according to Clarke Simpkins, director of B.C. Automobile Association.

"Motorists are bumping thousands of miles of wear out of their cars yearly, driving fast across railroad crossings," said Mr. Simpkins.

"In a 'bumpometer' survey, conducted by AAA in Detroit, at least half of the rail crossings checked over a two-week period produced vibrations sufficient to knock 25 miles off the life expectancy of a car."

Harry Duker, vice-president of BCAA, reminded motorists, "a few seconds of caution may mean saving weeks of cure!" If drivers get the habit of driving slowly over crossings, they will save repair bills, both for themselves and their cars!

\$32.50; miscellaneous, \$8.50; Women's Institute, \$5.00.

Under the auspices of the P.T.A., a very enjoyable social evening was held in the cafeteria room at the High School on Friday evening. Music for the dancing was supplied by a teen-age orchestra, the "Swingers" composed of high school pupils from Winfield and Oyama. The arrangements for the dance were under the supervision of Paul Seelack. Those not interested in dancing played cards. Ernie Pow "called" for the numerous square dances.

FINAL READING GIVEN BYLAWS

City Council Monday night gave final reading to a bylaw calling for the construction of a concrete sidewalk on the south side of Glenwood Avenue from Pendol Street to Long Street under a local improvement bylaw.

Final reading was also given to a bylaw leasing a portion of the property at Ellison field to Robert Stewart for \$500.

Council also gave final reading to a bylaw calling for the construction of a concrete boulevard curb on the south side of Bernard Avenue from Richter to Ethel Street.

WALROD MEMBER B.C. RESEARCH COUNCIL BOARD

R. P. Walrod has accepted an appointment as a member of the board of management, of the B.C. Research Council.

"We are happy indeed to have onewith your training and experience as a member of the board. I am confident that you will find the work of the council very interesting," G. M. Shrum, acting director, B.C. Research Council, stated when Mr. Walrod's appointment was announced.

COAST MAN GETS VERNON CIVIC POST

VERNON—J. B. McPherson, at present employed by the District of North Vancouver, has been engaged

as engineer's clerk and cost accountant.

The appointment was made on the recommendation of City Engineer F. G. deWolf at last week's Council meeting.

Mr. deWolf said November 21 was closing day for applications for the job. He received a total of 11 letters, seven of which were from

the Coast, four from the Interior, one from Vernon, and one from Revelstoke.

He said he had personally interviewed Mr. McPherson, and was thoroughly convinced of his competence.

GRANT LEASE

City Council Monday night agreed to grant Cliff G. Renfrew a two-year lease on a portion of the airport property at Ellison field where his hangar is located. Yearly rent is \$35.
